

Using UpToDate

Access summaries of the latest evidence on clinical topics

- Helps clinicians to answer clinical questions quickly and easily at the point of care
- Contains thousands of graphics free to download into presentations
- Contains quick reference medical calculators
- Allows you to accrue Continuing Medical Education (CME) credits
- Includes drugs information and drugs interaction databases

Please note : UpToDate is an American resource. This is particularly important when using information on licensed indications, doses and treatment pathways.

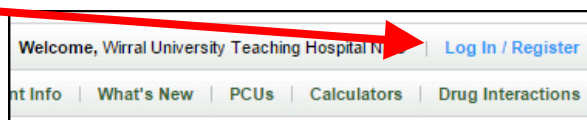

For UK advice please refer to the Electronic Medicines Compendium or contact Medicines Information on extension 5126.

(WUTH staff only)

Literature review current through: Jul 2018. | This topic

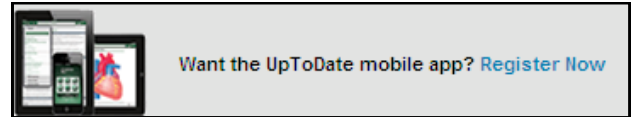

INTRODUCTION — The estimated overall prevalence of diabetes mellitus (DM) ranges from 5.8 to 12.9 percent (median 8.4 percent) [1,2]. DM is estimated to be spent on diabetes than any other condition. DM and its directly related medical complications, contribute to the impact of DM on the economics. Diabetes is associated with a high prevalence of depression [3] and adversely impacts employment, absenteeism, and work productivity [5].

- Use the Task bar to view your CME credits and request certificates
- View the latest Practice Changing Updates
- Use the quick reference medical calculators
- View drugs information and drugs interaction databases

How to access UpToDate on your mobile device

1. Access UpToDate by following the instructions on the previous page.
2. Click on 'Register Now'

3. **Do not log in.** Register as a new user and create your username and password

A screenshot of the UpToDate website's registration page. The page is titled "Register for important benefits" and includes a "Log In (Returning User)" section on the left and a "Register (New User)" section on the right. The "Log In" section is crossed out with a large red 'X'. An arrow points from the text "Do not log in" to the "Register (New User)" section. The registration form includes fields for First Name, Last Name, Email Address, Verify Email Address, ZIP/Postal Code, City, Country, Specialty, and Practice Type. A "Submit Registration" button is at the bottom right.

4. Create a unique user name and password. You are now registered and will receive a confirmation email.

5. Visit your App Store / Google Play store and download the UpToDate app. Use the UpToDate username and password you created during the registration process to log in to the app.

Alternatively, you can use your OpenAthens credentials to access the app. Follow steps above and select "OpenAthens Log in" on the app's login page.

You can access the UpToDate app on up to two mobile devices.

Register and earn CME credits

Remember: You must register from the WUTH network in order to and accrue CME credits. To ensure you are logged in correctly and earning CME credits, check to make sure the CME tab appears in the navigation bar at the top of the page.

90 Day Re-Validation Required

In-application & email messaging will inform you of the need to verify affiliation with your organisation. Complete verification by logging in to UpToDate from a WUTH network computer at least once every 90 days.

For more information on how to download the app please go to:
