2. Provider's address, including for service of notices and other documents

Business address²	Arrowe Park Hospital Arrowe Park Road
Town/city	Birkenhead
County	Wirral
Post code	CH49 5PE
Business telephone	01516785111
Electronic mail (email)³	Molly.marcu1@nhs.net David.mcgovern@nhs.net

By submitting this statement of purpose you are confirming your willingness for CQC to use the **email address** supplied at Section 2 above for service of documents and for sending all other correspondence to you. Email ensures fast and efficient delivery of important information. If you do not want to receive documents by email please check or tick the box below. We will not share this email address with anyone else.

I/we do NOT wish to receive notices and other documents from CQC by email	<input type="checkbox"/>
--	--------------------------

¹ Where the provider is a partnership please fill in the partnership's name at 'Full name' in Section 1 above. Where the partnership does not have a name, please fill in the names of all the partners at Section 3 below

² Where you do not agree to service of notices and other documents by email they will be sent by post to the business address shown in Section 2. This includes draft and final inspection reports. This postal business address will be included on the CQC website.

³ Where you agree to service of notices and other documents by email your copies will be sent to the email address shown in Section 2. This includes draft and final inspection reports.

Please note: CQC can deem notices sent to the email or postal address for service you supply in your statement of purpose as having been served as described in Sections 93 and 94 of the Health and Social Care Act 2008. The address supplied must therefore be accurate, up to date, and able to ensure prompt delivery of these important documents.

Statement of purpose

Health and Social Care Act 2008

Part 2

Aims and objectives

Please read the guidance document *Statement of purpose: Guidance for providers*.

Aims and objectives <i>What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose</i>			
Principal Purpose The principal purpose of the Trust is as set out within paragraph 1 of Part 3 of its authorisation as a foundation trust dated 1 July 2007: “The principal purpose of the Trust is the provision of goods and services for the purposes of the health service in England. This does not preclude the provision of cross-border services to other parts of the United Kingdom.”			
Vision and Values As one of the North West’s biggest and busiest hospitals our Vision and Values set out what our patients can expect from us. Our Vision and Values were developed with the feedback of over 2,500 staff, patients and visitors who told us what matters most to them. Below is a summary of our vision and values			
CARING FOR EVERYONE	RESPECT FOR ALL	EMBRACING TEAMWORK	COMMITTED TO IMPROVEMENT
Acting with kindness, compassion and empathy with everyone	Being honest and open, including honesty about what we can and cannot do	Working within and across teams to provide the best possible quality of care and experience for our patients, families, carers and colleagues	Actively seeking new ways of working to enable improvement
Being friendly, welcoming, approachable and remembering the simple things like a greeting and a smile	Being polite and professional with everyone, introducing ourselves by name, saying please and thank you	Communicating effectively within teams	Working together to improve services for our patients, families and carers
Being considerate of the needs of others	Listening to patients, families and colleagues	Recognising the value of everyone’s role, contribution, skills and abilities	Taking personal responsibility and ownership of things that need to improve
Listening to ideas, opinions, thoughts and feelings of others	Respecting cultural and individual differences	Supporting colleagues within the team when needed	Being positively receptive to change and improvement
Taking personal responsibility and accountability for the care that you deliver	Ensuring we treat everyone the way we would want to be treated ourselves and dealing with poor behaviour	Engaging in opportunities to develop and grow the team	Celebrating our achievements

Strategic Objectives 2021-2026

Our strategic intention is to provide outstanding care across the Wirral through our hospital sites and units, as a lead provider within the Wirral system. We will be a Hospital Trust that patients, families and carers recommend and staff are proud to be part of.

- We will be a collaborative Healthy Wirral and Integrated Healthcare System (ICS) partner to ensure patients, families, carers, staff and other stakeholders benefit from the value a high performing acute trust can bring to this partnership.
- We recognise that as the Wirral system develops, we and other partners may need to adapt our organisational form to ensure opportunities to improve patient experience and outcomes, staff experience and value for money do not get delayed.
- As part of this collaboration, we will work with partners to develop our infrastructure across Arrowe Park and Clatterbridge Hospitals, working towards the redevelopments of the campuses and well as renewing our equipment. In addition, we will enhance the use of digital across our campuses, using information technology as an enabler to the transformation of clinical and clinical support services
- We will also continue to provide acute and specialist care for residents of Wirral and adjacent counties, improving access to our services and flow across our hospital facilities.
- We will work with our commissioners, providers and clinical networks to partner with other NHS providers, where there is a strong clinical and financial case, to improve the provision of care for the Wirral population
- We want the quality of care we provide to be rated 'Outstanding' by the Care Quality Commission (CQC). We believe that an embedded quality and safety programme will increase our capacity and capability to deliver the best care for our patients and are committed to developing the best way to achieve this.
- We will also invest in our staff, ensuring that they are actively engaged and have the opportunities for training and career progression, as well as access to comprehensive wellbeing programmes. This will support us in reducing absences and improving retention of our staff, in the years ahead.

KINDS OF SERVICES PROVIDED

The kinds of services provided for the purposes of the provision of goods and services for the purposes of the health service in England are as set out in the Trust's directory of services (appendix 1). Please also refer to the link below for further detail:

[Our Departments | Wirral University Hospital NHS Foundation Trust \(wuth.nhs.uk\)](https://www.wuth.nhs.uk)

Regulated Activities

The Trust is registered to carry out the following regulated activities:

- Diagnostic and screening procedures
- Family planning services
- Assessment or medical treatment for persons detained under the Mental Health 1983 Act
- Maternity and midwifery services
- Nursing Care

Seacombe Children's Centre
St Paul's Road
Wallasey
CH44 7AN

Overview of Services Provided and Locations

Service	Location			Additional Information / comments (where applicable)
	Arrowe Park (APH)	Clatterbridge (CBH)	Other	
Acute and Medical Division				
Acute Care				
Acute Medical Unit	✓			The Acute Medical Unit (AMU) is a 23-bed unit located on the first floor of Arrowe Park Hospital. Its primary role is to provide rapid definitive assessment, investigation, and treatment for patients admitted medically from the Emergency Department prior to transfer to a specialist base ward or discharge to an appropriate discharge environment. The AMU admits patients 24 hours a day, 7 days a week. Patients stay on AMU for up to 48 hours, during which time a management plan will have been instigated by the consultant-led acute care medical team.
UMAC (Urgent Medical Assessment Centre)	✓			The Urgent Medical Assessment Centre (UMAC) consists of 14 treatment chairs and 5 treatment trolleys. The unit is co-located with the Acute Medical Unit on the first floor of Arrowe Park Hospital. UMAC brings together a single assessment and treatment area for patients referred to WUTH via their GP and patients who present to the Emergency Department who can potentially be treated via a same day unplanned ambulatory care pathway. Co-located with UMAC is the Acute Care Clinic, which provides follow up support to patients discharged from an inpatient ward in order to support a minimal length of stay in the acute setting.
Emergency Department	✓			Arrowe Park Hospital Emergency Department (ED) is the only type 1 urgent care service in the Wirral. It is a consultant-led 24 hour service with full resuscitation facilities and designated accommodation for the reception of accident and emergency patients. It is located on the ground floor of Arrowe Park Hospital and consists of an Initial Assessment facility with 5 ambulance assessment cubicles, 2 triage cubicles, 4 treatment cubicles, and 2 procedure rooms; a resus facility with 8 cubicles; a dedicated resus facility for patients with COVID-like symptoms consisting of 6 cubicles; 13 majors cubicles; a 10-bed Clinical Decisions Unit; and a dedicated Children's ED facility.

Service	Location			Additional Information / comments (where applicable)
	Arrowe Park (APH)	Clatterbridge (CBH)	Other	
Integrated Discharge Team	✓	✓	✓	The Integrated Discharge Team (IDT) is an integrated multi-disciplinary team of social care professionals, nurses, and discharge trackers who triage patients and provide them with information on accessing services to support their discharge from hospital. This includes support in accessing rehabilitation at home or in a care home environment, care support as part of a re-ablement care package, domiciliary care, and more complex healthcare support following discharge from the acute setting.
Substance Misuse Team	✓	✓		The Substance Misuse Team provides information, advice, care, and treatment for individuals with drug and alcohol problems within the acute hospital setting. Patients are referred to this service as inpatients from hospital wards or the Emergency Department. The aim of the service is to provide appropriate, effective, and safe management of all patients whose misuse of alcohol or drugs is disclosed or discovered during assessment or treatment, and to provide onward referral for community support and care.
Medical Short Stay Ward	✓			The Medical Short Stay Ward (MSSW) is an 18-bed ward co-located with the Acute Medicine Unit on the first floor of Arrowe Park Hospital. The unit provides accommodation for patients presenting with a variety of acute medical illnesses with an estimated inpatient length of stay of less than 72 hours, with resources in place for a multidisciplinary team to facilitate safe early discharge.
Patient Flow Team	✓	✓		The Trust's Patient Flow Team is based on the ground floor of Arrowe Park Hospital and consists of a senior nursing team and a dedicated team of Patient Flow Clerks. The team acts as a single, central authority to manage overall flow through the Trust 24 hours a day, 7 days a week in order to support each patient in accessing the right care in the right setting at the right time, and to prevent delays in accessing care at the 'front door' of the hospital (the Emergency Department, the Acute Medicine department, and the Trust's other assessment units).
Older Person's Assessment Unit	✓			The Older Person's Assessment Unit (OPAU) consists of a 24-bed ward providing specialist assessment to patients over the age of 75 presenting with an acute medical illness. Co-located with OPAU is the Older Persons' Rapid Assessment

Service	Location			Additional Information / comments (where applicable)
	Arrowe Park (APH)	Clatterbridge (CBH)	Other	
				Clinic, which provides follow up support to older patients following discharge in order to support a minimal length of stay in the acute setting.
Paediatric Emergency Department and assessment ward	✓			The Children's Emergency Department consists of 5 treatment cubicles and a plaster room for the assessment and treatment of patients under the age of 18 requiring emergency care. Patients under the age of 18 requiring resuscitation are treated in the Emergency Department's main resus facility. The Paediatric Emergency Department is open between 09:00-23:00 Monday-Thursday, and between 10:00-00:00 Friday-Sunday.
General Medical Services				
Cardiology	✓		✓	The department provides inpatient facilities, day case and rapid access and general cardiology outpatient services. The catheter lab provides angiography, cardio-versions, pericardial aspirations, pacemaker implants and implantable loop recorders plus a full cardiac testing service. The service also provides CT Angiography in conjunction with the radiography department. Intermediate services provided at St Catherine's Hospital.
Cardio-respiratory Department	✓	✓		<p>The department is the diagnostic arm of cardiology and respiratory services. The department offers a wide range of diagnostic tests including ECG, Autonomic Function Testing, Pacemaker Follow-up clinics, Peri-operative management of ICDs, Transthoracic Echo, Exercise Tolerance Testing, Tilt Testing, 24 hour ECG, 24 hour BP, Cardiomemo and 7 Day Event recording. There is also support within the ultrasound service for the highly specialist Stress and Transoesophageal Echo procedures.</p> <p>Respiratory testing includes spirometry, full lung studies, Bronchial Provocation Tests, body plethysmography, FeNO assessment, cardiorespiratory exercise testing, , Oxygen Saturation monitoring, Sleep Apnoea service, CPAP Issue and review service.</p>
Wirral Integrated Respiratory Service	✓	✓	✓	The COPD, Home Oxygen, Early Supported Discharge (ESD) and Pulmonary Rehabilitation service provides assessment and treatment to patients with respiratory conditions in the community and supports patients on discharge from

Service	Location			Additional Information / comments (where applicable)

				the Trust.
Dermatology	✓	✓	✓	The service has a dedicated purpose built unit housing in patient and day case beds and treatment facilities. Referrals are received from across the Cheshire and Merseyside Cancer Network. Some clinics are delivered at St Catherine's and VCH.
Diabetes and Endocrinology	✓	✓	✓	Outpatient services are provided at APH and CGH sites for patients with a wide range of diabetic and endocrine conditions. Inpatient beds are provided at APH. The diabetic team are supported with both inpatient and outpatient acute podiatry resources. Clinics are held in some community locations, e.g. St George's Medical Centre
Gastroenterology	✓	✓	✓	The bed base for Gastroenterology is on the APH site. Outpatient clinics are held at APH, CBH and VCH. At APH Hospital services include facilities for patients bleeding acutely, as well as an endoscopy unit.
Haematology	✓			Dedicated inpatient, outpatient and day case services are provided. There is a day ward facility for the administration of chemotherapy and other treatment therapies.
Palliative Care	✓	✓		A dedicated hospital Supportive & Palliative Care Team provides 7-day face-to-face multidisciplinary advisory service 0900-1700, with out of hours advice from a Consultant in Palliative Medicine available 365 days per year. In addition, there is an 8-bedded Supportive Care Unit on Ward 30, for patients whose care is most appropriately led by a Consultant in Palliative Medicine. We maintain strong links with hospice and community services, and participate in a Wirral-wide Governance Group and MDT to provide seamless care to patients crossing boundaries.

Service	Location			Additional Information / comments (where applicable)
	Arrowe Park (APH)	Clatterbridge (CBH)	Other	
Renal Services	✓	✓	✓	Renal services are a specialised service with a hub and spoke model of services delivery. The Trust operates as the 'hub', with Countess of Chester Hospital and Clatterbridge as the 'spokes'. This includes general nephrology/pre dialysis service. Renal dialysis is provided at APH, CBH and Countess of Chester. Peritoneal Dialysis and Home Dialysis is provided. Outpatient services are offered on the APH, CBH and Countess of Chester sites.
Respiratory	✓		✓	The Team provide in and outpatient services for a wide range of respiratory conditions and specialist services including Lung Cancer, Mesothelioma, Asthma, TB, Interstitial Lung Disease, Pleural disease and sleep disorders. Day case provision for diagnostic tests and treatments take place in the respiratory lab. Some clinics also take place at VCH and St Catherine's. A wide range of interventional procedures are offered including bronchoscopy, endobronchial US, LA thoracoscopy and indwelling pleural catheter insertion
Rheumatology	✓	✓	✓	Outpatient clinics are provided from APH, CGH and VCH sites for patients with a range of rheumatoid conditions. There are dedicated day case treatment facilities on the APH site.
Medicine for the Elderly				
Acute Elderly Wards	✓			Patients are admitted to these wards are above the age of 74 with multi-organ failure. The specialty has Care of the Elderly Consultants with interests in 1) Movement Disorder, 2) Heart Failure, 3) Orthogeriatrics, 4) Gastroenterology 5) Frailty as well as general elderly services. Community Geriatricians work as part of the Medicine for the Elderly Consultant team ensuring cross boundary working between Community/Hospital services.
Acute Stroke Services	✓			Acute stroke services are provided on the APH site. The service is an approved hyper acute stroke unit with the added benefit of 24/7 stroke nurse coordinators. The service also has 7 day consultant stroke physician working. The dedicated stroke rehabilitation unit is based on the CBH site, with an established early supported discharge team.
