

Benefits of joining the Patient Experience Strategy Promise Groups

Have your voice heard - Your opinions, experiences and suggestions are really important to us, we want to hear from you!

Make a positive improvement - You will be part of a impactful change, helping to change your local hospital for the better

Exciting opportunities to get involved in a project - Are you looking for a project? We have 5 different Promise groups, that have their own workstreams, there is a project suitable for you, your needs and your time constraints.

Your CV/Portfolio will look much better - Show your potential employers that you have been part of something positive for your community, it is a chance to learn new skills and hear others opinions and suggestions. It is a chance for personal growth and development

Grow your social circle – Meet new people and network with those who work, live and socialise in your local area.

Shaping the NHS - Be apart of shaping your hospital, your healthcare and your NHS!

Improving your local community - By supporting your hospital you will be helping the community you live in!
