Veteran Aware Information Leaflet

WUTH is proud to be a Veteran Aware healthcare provider.

Please let a member of staff know if you, or your spouse/partner, currently serve or have ever served in the UK armed forces so that we can best support your care needs.

WUTH is a member of the Veterans Covenant Healthcare Alliance, sharing and driving best practice in NHS care for the Armed Forces Community.

The Armed Forces Covenant states that serving personnel, reservists, spouses and dependents should not face disadvantage compared to other citizens when accessing health services.

For example, if you are moving and you are on an NHS waiting list.

Veterans may also be entitled to priority access to NHS care for health conditions associated with their time in service, subject to clinical need.

What you can expect from us:

- We are committed to ensuring no disadvantage and to giving special consideration where appropriate.
- We have educated and trained all relevant staff to identify and respond to the specific needs of the Armed Forces Community.
- We support the UK Armed Forces Community as an employer.

Here at **WUTH** we will put you in touch, or refer you, to organisations and services best placed to help with information, advice and support.
