

HAVE YOUR SAY ON YOUNG PEOPLE'S HEALTH CARE

Children and Young People's Patient Experience Survey 2024

We want to know what people think about their care at this hospital. We will ask children, young people and their parents or carers for their views.

Taking part is **voluntary** and all answers are **confidential**, meaning they will not be linked back to you.

If you are selected to take part, you will receive a letter and text message reminders. You will then be able to answer some questions online

So we can contact you, the hospital will share some details with our research team. These will include your name, phone number, and postal address. We will keep your details **secure**.

**HELP IMPROVE
OUR HOSPITALS
FOR EVERYONE**

If you have any questions, or do not want to take part, please contact:
