Annabelle's Café Moving to Cashless Payments

Annabelle's Café, located in the main foyer at Arrowe Park Hospital, will transition to a fully cashless payment system from Wednesday 3rd December.

From this date, the café will no longer accept cash. Customers will be able to pay using debit or credit cards, contactless payments and mobile options including Apple Pay and Google Pay.

This move aims to improve the speed and efficiency of service, enhance security and reduce the need for cash handling on-site, particularly in line with the reduced operational hours of the cash office.

We appreciate colleagues' support as this change is introduced.
