**Celebrating Employee/Team of the Month for Support Services - Stuart Jones and the Clatterbridge Maintenance Team**

We are delighted to recognise Stuart Jones and the Clatterbridge Maintenance Team as this month's Employee and Team of the Month for Support Services.

The team were nominated in recognition of their outstanding commitment to ensuring the Clatterbridge site remains a safe, warm and welcoming environment for patients, visitors and colleagues. Their work is especially vital during the winter months, when ageing buildings and infrastructure present additional challenges across the site.

From bleeding radiators and repairing roofs to responding quickly to urgent maintenance issues, the team work tirelessly behind the scenes to keep services running smoothly. They also regularly attend site during cold, dark nights to grit roads and pathways, helping to ensure everyone can move around safely.

The nomination highlighted a desire to shine a light on the effort that often goes unnoticed, but which plays a crucial role in supporting patient care and staff wellbeing. Stuart and the team exemplify professionalism, dedication and teamwork, and their pride in the Clatterbridge site is clear in everything they do.

Thank you to Stuart Jones and the Clatterbridge Maintenance Team for your hard work, reliability and commitment. You are a credit to Support Services and to the Trust.
