### **Refreshment Facilities Opening Times**

From next week, opening times for all refreshment facilities across the Trust will be available in one place on the WUTH website. This includes Annabelle's, The Retreat, Light Bites and Firtrees.

Rather than always sending separate update emails, changes to opening times will now be kept up to date on the webpage, making it easier for colleagues to check the latest information when needed.

Please visit the [refreshment facilities page](#) on the Trust website to view current opening times.
