

**Date: 11<sup>th</sup> May 2026**

**Planned HealthRoster and LOOP maintenance tonight**

Colleagues are advised that HealthRoster (eRoster) and LOOP will undergo essential maintenance tonight, Monday 11th May 2026, between 8pm and midnight.

During this period, both systems will be unavailable across the Trust while important upgrades are carried out to improve stability and performance.

All managers are asked to ensure that rosters covering this period are printed in advance to support continuity during the downtime.

We appreciate colleagues' cooperation and apologise for any inconvenience this may cause.
