Reminder about orange wheelchairs at Arrowe Park Hospital

Colleagues are kindly reminded that the orange wheelchairs at Arrowe Park Hospital are for the dedicated use of Trust Volunteers to help transport patients between Main Reception and clinical areas for appointments.

To help ensure wheelchairs remain available for patients arriving for appointments, staff are asked to return orange wheelchairs to Reception after use and discourage patients from keeping them in ward areas.

Trust Volunteers may remove orange wheelchairs from wards and departments in order to return them to Reception and maintain availability across the site.

Thank you for your support and cooperation.
