

Constructing Minds Garden

From an unused piece of land to an award-winning wellbeing garden.

A place to pause. A space to heal.

Developed by Constructing Minds with Nature CIC for RHS Tatton Park in 2023 and proudly donated to Wirral University Teaching Hospital.

Through donations, volunteer effort and community partnership, the garden has grown into a thriving natural space that supports the wellbeing of patients, visitors and staff.

Opening Celebration

Friday 26 June 2026
12:00 – 2:00pm

Outside Dermatology Dep., near Carpark A.
Everyone welcome!

The Transformation

Before 2022

An underused area full of potential

2023 RHS Donation

RHS Tatton Park garden donated to WUTH

Today 2026

A thriving garden for wellbeing, connection and nature

A powerful partnership

Developed through a partnership between Constructing Minds with Nature CIC, Greener WUTH, WUTH Charity, local businesses, volunteers and community supporters.

Thank you

To all the generous businesses, donors and volunteers whose time, materials, plants and expertise continue to help this special place grow.

Together we are making a lasting difference.
