

Date: 16th July 2026

**CMI Accredited Leadership & Management Apprenticeships Now Open –
Final Opportunity for Fully Funded Places**

Are you currently in a role with team leader or line management duties?

This is the final call to undertake Leadership and Management Level 3 or Level 5 via the apprenticeship route. The Government is defunding several apprenticeship standards later this year. You will remain in your current job role and learn knowledge, skills, and behaviours to achieve a nationally recognised qualification.

Team Leader Level 3 - Pathway to Healthcare Leadership:

- Builds the essential knowledge, skills and behaviours needed to lead teams effectively in a healthcare setting
- Focuses on core people management skills, including communication, supporting wellbeing, managing workloads and day-to-day performance
- Develops confidence to lead teams, improve engagement and contribute to positive outcomes for patients and colleagues

Operations Manager Level 5 - Operations Leadership in Healthcare:

- Designed for experienced and first-time managers
- Builds strong people management and operational leadership capability
- Focuses on planning, decision-making and leading teams through change
- Develops the confidence and capability to deliver meaningful service and team improvements

Both insight sessions will cover both apprenticeship levels.

Register here - [Insight Session One: 15th of July at 12:00 - 13:00](#)

Register here - [Insight Session Two: 28th of July at 13:30 - 14:30](#)

- **Application deadline:** 7th of August
- **Enrolment begins subject to eligibility:** 12th of August
- **Programme launch:** 23rd of September duration is 12 months plus up to 3 months for End Point Assessment.
