Curtis Kearney, Digital Healthcare Team

I would like to recognise the outstanding support I have consistently received from Curtis Kearney in IT. Every time I have needed help, he has gone above and beyond to provide support. He is always patient, approachable, and does everything he can to resolve any issues as quickly and efficiently as possible. Even when a solution isn't immediately obvious, he takes the time to investigate and follows through until the issue is resolved. His willingness to help, positive attitude, and commitment to providing excellent service never go unnoticed. It's clear that he genuinely cares about helping colleagues and ensuring problems are dealt with properly. He is a real credit to the IT team, and I wanted to make sure his hard work and dedication are recognised.

Patrick Cronin, Deputy Ward Manager

Patrick quickly became a valued and highly respected colleague, with his hard work, professionalism and willingness to support others making a real difference to both the team and the patients in their care. He embraced new ways of working with enthusiasm, particularly digital care platforms, and played an important role in supporting the team's digitally enabled approach to patient care. Patrick's compassion and ability to build a fantastic

rapport with patients ensured they felt supported throughout their care journey. His approachable nature, sense of humour and team spirit also made him an incredibly popular member of the team.
