Managing Challenging Behaviour training: September dates available

Colleagues are invited to book onto September's Managing Challenging Behaviour training, with spaces currently available across three upcoming courses.

Being able to manage challenging behaviour safely and effectively is an important clinical skill. It can help colleagues respond confidently and appropriately to difficult situations, supporting their own safety while continuing to provide high quality care for patients and service users.

The two-day training course provides colleagues with an opportunity to develop their knowledge and skills in managing challenging behaviour.

September dates

The following courses currently have availability:

- Tuesday 1st and Wednesday 2nd September 2026
- Wednesday 9th and Thursday 10th September 2026
- Tuesday 15th and Wednesday 16th September 2026

Colleagues interested in attending should discuss the training with their line manager before booking a place.

For further information or any queries about the course, please contact the Positive Behaviour Team at wuth.positivebehaviour@nhs.net.
