Andrew Sutcliffe, Improvement Team

A huge thank you to Andrew and the team for their fantastic support with my project for my Leading Teams presentation. Andrew and the team are always willing to share their knowledge, offer guidance and help colleagues turn their ideas into meaningful Quality Improvement projects. Their encouragement and expertise have been invaluable, not only to me but to so many others across the organisation. The work you do behind the scenes helps colleagues make positive changes that ultimately improve the care we provide to our patients. Thank you for always being there to support, guide and encourage us!

Sr Sijee Sabumathew, Michelle Kidd, Anna Anderson, Mary Catamio and Matron Adelle Davies

A massive thank you to our DME Ward Sisters and Matron Adelle for their incredible leadership and support during what has been an exceptionally busy and challenging few weeks. Throughout the pressures, they have continued to put both their teams and patients at the heart of everything they do, ensuring colleagues feel supported while maintaining excellent standards of patient care. Your leadership, resilience and commitment have helped everyone navigate a difficult period together. Your efforts certainly do not go unnoticed. Thank you for all that you do.

Jenine Kelly, Quality Matron for Dementia

A special thank you for all the help and support provided in developing and sharing dementia resources for our community colleagues. Having the right information and resources available is so important in helping our teams provide informed, compassionate care for people living with dementia. The time and effort put into supporting this work has been incredibly valuable. Thank you for your contribution and for helping our community colleagues feel equipped and supported in the care they provide.
