

CARERS ARE **WELCOME** HERE

We welcome carers of people with dementia on the ward. If you are a carer, we would like to work in partnership with you – please ask for a carer’s passport and let our staff know who you are.

MY CARER’S PASSPORT

Wirral University Teaching Hospital (WUTH) Foundation Trust has agreed that the carrier of this card may come and go outside of normal visiting hours and can stay with their patient if s/he deems it necessary.

We request that access be granted whenever the holder of this pass requires it – unless there are exceptional or unforeseen circumstances.
